

OTTAWA'S FIGHTING MEN LEARN POSITIONS IN GREAT ARMY RACE

FINAL DRAWS ARE MADE
FIXING STANDING OF
ALL ENTRANTS
LISTS APPENDED

MORE NAMES ADDED TO THOSE
PUBLISHED YESTERDAY. IN
FREE TRADER-JOURNAL—
CLASSIFICATIONS ARE MADE.

The draft is over. Mingled emotions were left in its wake as lists were scanned for numbers of sons, husbands, sweethearts and brothers, who were to be called to the colors in yesterday's drawings. Today's surrender to the inevitable has caused a calm to fall over all Ottawa homes where yesterday there were tears as the finger of destiny pointed toward some member of the household and beckoned him to rally to the colors. In other and more fortunate homes there was high elation at the upward trend stock took in some relative's behalf as the early lists failed to disclose their names.

Await Word of Quota.
Members of the exemption board are now anxiously awaiting the day when they can get down to work and examine the first list of applicants for service. At the present time nothing authentic has been received from Springfield establishing Ottawa's quota—which is not expected to exceed more than 68 men on the first drawing. Out of the first 2,000 names drawn about 175 from Ottawa were called. This number based upon the preliminary estimates will provide just about enough for Ottawa's quota, after eliminations have been made for various reasons classified as suitable for exemption.

List Complete Today.
Today the Free Trader subdivides the names of the Ottawa men who were among the first one thousand drawn. The appended list shows their classifications and in the manner in which their numbers appeared on the general list. Then followed a list of those more fortunate men who are included in the second, third, fourth, etc., thousands down the line to 5,500, where for lack of time and space it was impossible to select the remaining Ottawa names as given in the lists and publish them in this issue.

The following are the additional names received this morning, combined with those of Ottawa left from yesterday:

LEIX IS BIDDER FOR CORNELL ST. PAVING CONTRACT

OTTAWA MAN OFFERS TO DO JOB
AT ESTIMATE OF CITY EN-
GINEER GEORGE FARNSWORTH—
CHERRY IS PUSHING WORK.

Bids for the pavement of Cornell street were opened this morning, by the Board of Local Improvements at their meeting at the city hall. Only one bid was received, that being from the Joseph Leix, local contractor, who offered to complete the job for a little less than 3,000, the estimate by City Engineer George Farnsworth.

The Cornell street improvement calls for only one block of paving and in all probability Mr. Leix will be given the job.

Work in West Ottawa.
The Jefferson street pavement is rapidly nearing completion. The curb basin have been installed and the work of grading completed. The concrete foundation has not been installed all of the brick for the has been placed on the sides of the street. Contractor Leix has been hampered to a certain extent because of the scarcity of labor.

Mr. Leix will no doubt be awarded the paving contract for the Cornell street improvement, since it is only a small job, and no other bidders have offered to do the work. His bid was received and placed on file, according to law.

The first surface of brick on Jefferson street, from La Salle to Columbus will be removed today. The brick is being hauled to the municipal yards awaiting its disposal by the city. Advocates of a resurfacing job of paving can gain some idea of what the job would be by viewing the undersurface of brick on Jefferson street. In some cases the brick is in fairly good shape, while in others, there are deep rut holes.

RUSS SOLDIERS JOIN IN REVOLT

Copenhagen, July 21.—Disorders in Petrograd mutiny at the front and further resignations from the Russian cabinet have aroused anew the anxiety over Russia that was prevalent before the Russians started their offensive on the eastern front.

Official advices from the Russian capital tells of the mutiny of Russian soldiers on the firing line in Galicia. Near Brody and Halicz Russian regiments that were holding important positions, fell back upon the eve of German attacks, allowing the Teutons to carry out successful attacks and round out their successes.

Pershing Visits British.

Paris, July 21.—General John J. Pershing, the commander in chief of the American forces in France has arrived upon the British front, said a dispatch from a town in Northern France today.

Washington, July 21.—The Senate passed the food control bill this afternoon.

W. B. PALMER NAMED CAPTAIN IN U.S. ARMY

OTTAWA COMMISSIONER WILL
ENTER QUARTERMASTER'S RE-
SERVE CORPS—TO INSPECT ALL
HORSES OFFERED TO GOVERN-
MENT.

Walter B. Palmer received a commission today as Captain in the Quartermaster's Reserve Corps. His duties will be to buy and inspect horses for the U. S. army. Commissioner Palmer returned last evening from Washington, D. C., where he passed examination and today was notified by wire of his receiving his commission.

He will be pressed into service immediately. Mr. Palmer has been a member of the Army Draught Board for the past three years, and was called to Washington to attend a meeting. While there he was asked to take examination for active duty. He will be engaged in visiting various stock farms, selecting horses and making recommendation for the care of army animals.

May Quit Office.

It may be possible that Commissioner Palmer will have to resign from his position as Commissioner of Public Health and Safety. Much of his time will be taken up in his new work.

Fifty civilians, who were members of the draught board, have been recruited into active service to take the place of regular army officials who will be called upon to train youths for the big national army, soon to be raised.

Says Washington is Crowded.

Thousands of people are in Washington now as a result of the draft, says Commissioner Palmer. Many have come to seek commissions in the army, while others are asking for exemption. Hotels are crowded and restaurants and cafe's are growing wealthy as a result of the influx of visitors to the national capital.

WEBSTER C. HERTZNER CALLED TO REWARD

Webster C. Hertzner died Friday, July 20, at Watertown State Hospital of cancer of the brain.

The deceased was thirty-six years of age and was formally employed at the E. P. Johnson Piano works as finisher. He leaves surviving his wife, two children, Harold F. and Evelyn M. and his mother, Sabra E. Hertzner, two brothers, Burt M. of this city, and Herbert R. of Somers, Iowa. Funeral services will be held from the home of his mother, 228½ Madison street, Monday at 3 p. m.

DISCOVERY OF NEW WERNER HEIR MAY TIE-UP BIG ESTATE

UNKNOWN GRAND DAUGHTER IS
FOUND BY EXECUTOR—CHILD
WOULD SHARE TRUST FUND, IF
LIVING.

Complications that may prevent distribution of the estate left by the late Mrs. Eva Werner, one of Ottawa's wealthiest residents, have been uncovered in the Probate Court, since the filing of Mrs. Werner's will for probate.

The discovery of an unknown daughter of the late Mrs. Addie Werner Lee, by the executor, has caused this complication. The petition for probate of will made its appearance in Judge Gregg's court Thursday, but contents setting forth the unusual entanglement were not brought to light until this morning.

The child is termed as "unknown and unnamed" and her place of residence is also unknown. She is mentioned as a minor under the age of 18 years "if living."

The principal complications will arise from the distribution of the trust fund left by the mother of Mrs. Werner to the child or children of Addie Werner Lee. At the present time the value of that estate is fixed at about \$110,000, \$100,000 of which is in personal property and the residue in real estate.

Guardianship has been established over Russell Lee, principal heir to the fortune by the First Trust Company. In the petition the estate falling to the boy was given the above value. Mrs. Werner left, by will \$35,000 in realty and \$12,000 in personal to her husband and grandson. These bequests were made exclusive of the trust fund which automatically fell to the heirs of Mrs. Lee.

And attempt is being made to trace the unknown daughter of Mrs. Lee and apprise her of her good fortune, it is said. Should the girl be located she would be a beneficiary under her great-grandmother's will, and would, according to local legal authorities, be entitled to a half interest in the trust fund which was left to Mrs. Werner only as a life estate.

In the petition no mention is made of the daughter's age. Relatives here are uncertain whether she is living or not.

The clause in which reference is made to the unknown heir follows:

"That the petitioner has recently been informed and believes that the said Eva L. Werner, deceased, had a grand daughter, a child of Adeline L. Lee, whose name is unknown, and whose place of residence and postoffice address is unknown, and said child or children, or issue of said child would, if any, now be minors, respectively under the ages of eighteen and twenty-one years."

MONTH WILL ELAPSE BEFORE DRAFT ARMY WILL BE CALLED TO COLORS

5,000 DELEGATES TO
ATTEND STAVANGER
LAGET HOME COMING

OTTAWA WILL ENTERTAIN THE
LARGEST NORWEGIAN BODY
IN MID-WEST—MEETINGS WILL
BE HELD IN ARMY.

Five thousand members of the Stavanger Laget, representing the states of Minnesota, Iowa, Wisconsin, North Dakota and Illinois, will be in Ottawa during the early part of September to attend the annual "home coming" of the society, according to an announcement made by Judge H. W. Johnson today.

The society is comprised entirely of Norwegians and at their last "home coming" in Morris, great throngs were in that city for the three days' gathering. Judge Johnson has been in communication with the officers of the organization, and today received word from the Stavanger Laget that they would be pleased to come to Ottawa and bring the delegates with them, provided the meeting is desired in Ottawa and some provisions made to meet the necessary local expense.

The city council has already extended a cordial invitation offering the society the hospitality of the city, and Mr. Johnson has assured the officers that the citizens of Ottawa will meet any reasonable requirement.

This meeting will bring to the city guests exceeding five thousand, most of whom will remain during the three days. Judge Johnson has been assured at least one special train from Iowa and possibly one from Chicago. It will doubtless bring to Ottawa the largest number of people at any one time during the present season. Many representative men will come from a number of the Central states.

The army has already been secured where the formal meetings will be held and certain parts of the program may take place at Chautauqua park.

H. D. HOLMAN, FORMER O. H. S. TEACHER DEAD

Word was received in Ottawa yesterday announcing the death of H. D. Holman, former manual training teacher at the Ottawa high school. Mr. Holman resigned his position as instructor at O. H. S. to manage a summer resort in Virginia. According to the letters received here Mrs. Holman and her four children are now residing in St. Louis, Mo. No details of the death of Mr. Holman were given in the letter received here.
